

Temporary Storage Shed

There will only be a limited number of these temporary sheds available and if you are interested in having one then I would advise you to inform me as soon as possible.

Please see the attached link showing you an example of the type of shed that the developer would provide.

[http://www.shedwarehouse.com/id-13704-6ft x 4ft Anthracite Grey Apex Metal Shed \(171m x 113m\).aspx](http://www.shedwarehouse.com/id-13704-6ft-x-4ft-Anthracite-Grey-Apex-Metal-Shed-(171m-x-113m).aspx)

Please note that the insurance and management would remain the same as your current shed i.e. you would be responsible for the items you have in the shed and combustible items would be unable to be stored in the shed, the developer would be responsible for the general maintenance of the shed.
